E. B. Stone & Son, Inc.

2021 - Pacific Northwest

Rotational Billing Procedure

1. Ledger closes on accounts A-F on the 25th of the month.
2. Ledger closes on accounts G-O on the 5th of the month.
3. Ledger closes on accounts P-Z on the 15th of the month.
4. Credit memos will be initiated by E.B. Stone & Son and should not be deducted by the dealer prior to posting of the credit.

Terms of Sale

1. Past due accounts are subject to a service charge of 1.5% per month (18% per year) on all past due portions of the account.
2. Accounts 31 days past due will become prepayment accounts. This will require payment in the amount of the order to be made to the sales representative at the time of placing the order, plus a minimum of 10% of the outstanding balance. This prepayment status will continue until the account is current. All prepayment monies will be applied to the oldest portion of the account.
3. Checks returned due to insufficient funds will incur a \$15 service fee.
4. All orders are entered and approved at Suisun, California.
5. If suit is filed or an account is assigned for collection by any agency, buyer agrees to pay all court costs, collection costs and reasonable attorney's fees.

Price Changes

1. Prices are subject to change without notice, although every effort will be made to keep you informed of price changes through our sales representatives.

Delivery Policies

1. Minimum order for prepaid delivery is \$1,000.00, except as established for outlying delivery areas.
2. Merchandise which has been shipped as ordered and received in good condition will be subject to a 10% special handling charge if it is returned for credit.

Thank you for your business !

Agricultural Lime (Dolomite Lime)

A natural source of calcium and magnesium. Ideal for adjusting the pH of acidic soils. Our Agricultural Lime is derived from naturally occurring limestone and supplies calcium and magnesium to the soil. It is useful for increasing the pH of lawns and garden soils as well as supplementing plant nutrition and soil nutrients.

Size	Pack	Item #	UPC
5 lb.	12	338-04	607263-01338-1

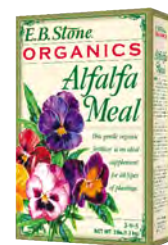

Alfalfa Meal 2-0-2

This gentle organic fertilizer is an ideal supplement for all types of plantings. Our Alfalfa Meal is a natural organic source of nutrients readily available to your garden plants. It helps plants to develop new growth, green foliage, fruit and beautiful flowers. It makes an ideal supplement to your regular fertilizing program and is an excellent addition to flower and rose gardens as well as vegetable beds. E. B. Stone Alfalfa Meal is also an excellent addition to the compost pile to help accelerate decomposition.

Size	Pack	Item #	UPC
3 lb.	12	332-04	607263-01332-9
10 lb.	1	285-04	607263-00285-9

All Purpose Plant Food 5-5-5

Our All Purpose Plant Food is a blend of natural organic ingredients formulated for use throughout the garden. It is suitable for use on vegetables, trees, shrubs, lawns and flower gardens. E. B. Stone All Purpose Plant Food is ideal for use when preparing new planting areas and for feeding existing plants. Contains Blood Meal, Feather Meal, Bone Meal, Dried Chicken Manure, Bat Guano, Alfalfa Meal, Kelp Meal, Potassium Sulfate, Humic Acids and soil microbes including mycorrhizal fungi.

Azalea, Camellia, Gardenia Food 5-5-3

E. B. Stone Azalea, Camellia & Gardenia Food is formulated with a select blend of natural organic ingredients specifically for the needs of acid-loving plants. It will encourage growth, green foliage and beautiful flowers. It is also suited for use on other acid-loving plants including rhododendrons, fuchsia and evergreen conifers. Contains Blood Meal, Feather Meal, Bone Meal, Dried Chicken Manure, Bat Guano, Alfalfa Meal, Kelp Meal, Potassium Sulfate, Elemental Sulfur, Humic Acids and mycorrhizal fungi.

Size	Pack	Item #	UPC
30 lb.	1	366-04	607263-00366-5

Bat Guano 9-2-1

Our Bat Guano is a readily available source of nitrogen, phosphorus and potash. Bat Guano has a long history as a natural source of plant nutrients and was popular with farmers and gardeners alike before the advent of chemical fertilizers. It is suited for use with container plants and as a fast acting stimulant for early growth. E. B. Stone Bat Guano is also ideal for use whenever nitrogen is needed in the garden. Use it to encourage growth and to enhance the color of plant foliage.

Size	Pack	Item #	UPC
1.5 lb.	12	349-04	607263-01349-7

Blood Meal 13-0-0

Our Blood Meal is a long lasting source of natural organic nitrogen which is readily available to plants. It will continue to release nitrogen gradually throughout the growing season. Blood Meal is ideal for use on most garden plants to encourage growth and improve leaf color. It is suitable for use on fast growing plants throughout the garden including vegetables, perennials, annuals, roses, shrubs and trees. Our Blood Meal may also be used as a source of nitrogen in compost piles. Contains Blood Meal.

3.5 lb.	12	334-04	607263-01334-3
12 lb.	1	281-04	607263-00281-1

Bone Meal 1-15-0

E. B. Stone Bone Meal provides a long lasting source of phosphorous and nitrogen for the garden. It is an ideal transplanting fertilizer and an excellent natural source of phosphorous which is essential to plant growth and helps to stimulate root formation, sturdy top growth and flower, fruit and seed development. Bone Meal is also suited for use with bulbs and other flowering plants, as well as vegetables like peas and beans. Contains Bone Meal.

4 lb.	12	324B-04	607263-02324-3

Citrus and Fruit Tree Food 7-3-3

Citrus & Fruit Tree Food is a blend of select natural organic ingredients for use with citrus and other home orchard fruit trees and with small fruits like berries and those grown on vines. It is formulated to encourage new growth, lush green foliage and to support bountiful crops. E. B. Stone Citrus & Fruit Tree Food is rich in nitrogen which is essential for all fruiting crops. It also contains phosphorus and potash which are important for fruit production. It may also be used to feed shade trees, flowering trees and ornamental vines. Contains Blood Meal, Feather Meal, Bone Meal, Dried Chicken Manure, Bat Guano, Alfalfa Meal, Kelp Meal, Potassium Sulfate, Humic Acids and soil microbes including mycorrhizal fungi.

Compost Maker 4-4-2

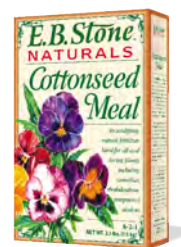

E. B. Stone Compost Maker is a blend of organic ingredients designed to supplement the needs of the home composter. In addition to providing the nitrogen necessary for proper composting, Compost Maker also helps to enrich the finished compost by supplying additional nutrients. It is ideal for use when making compost with large amounts of dry, brown materials high in carbon. Contains Blood Meal, Feather Meal, Bone Meal, Dried Chicken Manure, Bat Guano, Alfalfa Meal, Kelp Meal and Potassium Sulfate.

Size	Pack	Item #	UPC
4 lb.	12	336-04	607263-01336-7

Cottonseed Meal 6-2-1

Cottonseed Meal is a source of long lasting, natural organic nutrients. Derived from the ground up seed of the cotton plant, the nutrients in Cottonseed Meal are released slowly and it is non-burning and safe to use on both new transplants and existing plants. Cottonseed Meal is naturally acidifying in the soil and is recommended for use when acidifying soils and feeding plants like rhododendrons, azaleas, camellias, hydrangeas, blueberries and other plants that prefer acidic soil conditions. In the vegetable garden it is also useful for slow growing root crops. Contains Cottonseed Meal.

Granular Gypsum

Granular Gypsum supplies calcium and sulfur to the soil. It is used to help overcome alkali soils and to loosen clay or adobe soils. Granulated for easy handling.

Size	Pack	Item #	UPC
5 lb.	12	318-04	607263-01318-3

GreenSand

E. B. Stone Greensand is derived from a naturally occurring mineral found in ancient oceanic deposits of shells and organic matter millions of years old. Greensand is suggested for use throughout the garden on a variety of plants including perennials, annuals, vegetables and all trees and shrubs. It can be applied at any time of year. For the best results incorporate Greensand into your garden soil at the same time you add compost.

Size	Pack	Item #	UPC
5 lb.	12	339-04	607263-00339-9

Hibiscus and Palm Food 6-5-3

Our Hibiscus & Palm Food is a blend of select natural and organic ingredients formulated to promote the rich soil conditions required by palms, hibiscus and other tropical plants. Hibiscus & Palm Food is ideal for use to support vigorous growth and flower production. It is suitable for use on a wide variety of tropical plants. Contains Blood Meal, Feather Meal, Bone Meal, Dried Chicken Manure, Bat Guano, Alfalfa Meal, Kelp Meal, Potassium Sulfate, Humic Acids and soil microbes including mycorrhizal fungi.

Natural & Organic Lawn Food 10-1-4

Produce a thick green lawn the natural way with Nature's Green Lawn Food. This blend of organic ingredients is formulated for use on all types of grass lawns. Contains 10% Nitrogen, 1% Available Phosphate and 4% Soluble Potash all derived from Feather Meal, Blood Meal, Bone Meal and Sulfate of Potash. Also contains 1.3% Humic Acids derived from Leonardite. 20 lbs feeds 2,000 sq. ft. Granulated for easy use.

Size	Pack	Item #	UPC
20 lb.	1	287-04	607263-00287-3

Pansy & Fall Flower Food 6-5-6

Our Pansy & Fall Flower Food is a blend of select natural and organic ingredients for use with pansies and other fall planted flowers and plants. It is formulated to provide a source of readily available natural and organic nitrogen. Pansy & Fall Flower Food also contains seabird guano, phosphate and potash, which are important for developing sturdy roots and flower production.

Size	Pack	Item #	UPC
4 lb.	12	367B-04	607263-02367-0

Rhody, Azalea, Camellia Food 6-4-3

Our E. B. Stone Rhody, Azalea and Camellia Food is formulated with a select blend of natural and organic ingredients specifically for the needs of acid-loving plants. It will encourage growth, green foliage and beautiful flowers. Our Rhody, Azalea & Camellia Food contains seabird guano and is also suited for use on other acid-loving plants including Blueberries, Fuchsia and evergreen conifers.

Soil Sulfur

In addition to adjusting the pH level of garden and lawn soils, sulfur is also an essential plant nutrient. It helps maintain the green color of leaves and aids in the use of nitrogen fertilizer by the plant. Contains Elemental Sulfur.

Size	Pack	Item #	UPC
5 lb.	12	348-04	607263-01348-0

Sul Po Mag 0-0-20

E. B. Stone Sul-Po-Mag is a naturally occurring crystalline material, known as langbeinite. It is an excellent source of readily available sulfur, potassium and magnesium. Contains Sulfate of Potash Magnesia.

Size	Pack	Item #	UPC
5 lb.	12	347-04	607263-01347-3

Sure Start 4-6-2

E. B. Stone Sure Start fertilizer is a blend of natural organic ingredients formulated to help newly transplanted plants develop strong roots and sturdy growth. Sure Start is rich in natural sources of phosphorous to help your plants develop a strong foundation for future growth. Our gentle, non-burning formula is safe to use with even the most tender transplants. Contains Blood Meal, Feather Meal, Bone Meal, Dried Chicken Manure, Bat Guano, Alfalfa Meal, Kelp Meal, Potassium Sulfate, Humic Acids and soil microbes including mycorrhizal fungi.

Tomato and Vegetable Food 4-5-3

Our Tomato & Vegetable Food is formulated from quality natural organic ingredients for use throughout the vegetable garden as well as with soft fruits like strawberries. It will contribute to even plant growth without producing excessive foliage at the expense of fruit. The additional phosphorous helps to ensure the production of high quality fruits and vegetables. The calcium in our Tomato & Vegetable fertilizer aids in preventing disorders like blossom end rot and helps to correct acidic soil conditions. Contains Blood Meal, Feather Meal, Bone Meal, Dried Chicken Manure, Bat Guano, Alfalfa Meal, Kelp Meal, Potassium Sulfate, Humic Acids and soil microbes including mycorrhizal fungi.

Top Soil Plus

Top Soil Plus is a unique blend of sandy loam, aged compost and aged mushroom soil. It is a general purpose soil mixture developed for virtually any outdoor use. It can be used as a fill material in a garden area that needs rebuilding or as a soil conditioner in the garden. Because our Top Soil Plus doesn't contain any nutrient value, we suggest you use one of our E. B. Stone fertilizers in combination with it's use in the garden. For best results, use one part Top Soil Plus to one part native soil in any gardening application.
